# NAUSET 2015 TIDES

When one embarks on a new journey the old one must come to an end.  
So long to the Seniors of 2015 who are **EN ROUTE** to new destinations. In  
a special way, they have paved the paths for all future Nauset students.

Grab your leis! The seniors came up with a creative photo opportunity for their first place Hawaiian themed hallway (below). Can you find Lizzie Douglas? Dressed as Waldo, she wasn't hard to spot! (below)

Madeket Nobili is all decked out in orange for the freshman class (below).

Would you dare to enter this haunted hallway? The sophomore class decorated the hallway with tombstones and ghosts to compete with the upperclassmen (below).

# Spirit Week

Nauset kicked off spirit week with a bang! Students showed their pride throughout the week, including character day, just in time for Halloween. All grades battled for first place, but in the end the seniors came out on top!

## A PATH OF LEAST RESISTANCE

**T**he Nauset School community gained an amazing new artificial grass field this year. The field is painted with lines for a variety of different sports, allowing the field to be used by many. All funds were raised through generous donations, and local fund-raisers. There are many benefits of the turf. The field is flat, with less 'resistance' so athletes play with more accuracy. It is also safer, less expensive to maintain and it can be played on more frequently. This new turf is a great addition to Nauset and it will be used and appreciated by many.

The Nauset Warriors Booster Club was responsible for the fund-raising that was needed to support the new field. Their hard work and diligence in this effort was immensely appreciated.

Nauset also was the recipient of a newly built ticket booth at the stadium entrance (upper right), a generous donation from Mr. McGrath of Pine Harbor Wood Products.

*Supporting All High School Sports*

Nauset varsity football kicked off their season with senior Will Donoghue carrying the flag out onto the new field (right).

In addition to football, soccer, lacrosse and field hockey teams are also excited to play home games on the turf field (below).

The project started in June of 2014 and after only 37 days, installation of the field was complete.

The field is decked out with NAUSET printed in one end zone, WARRIORS in the other and the N logo at center field.

# Pep Rally

2014

Taking a pit stop at Pep rally is a fun way for all members of the school to come together and show Nauset spirit. Students cheer from the bleachers, filling the gym with a wave of excitement!

dances the school has had!

# LIFE IS A CARNIVAL

The 2014 Homecoming Dance brought lots of fun and smiles to Nauset students. The 'Carnival' music and decorations encouraged students to get out of their seats and onto the dance floor.

# PAVING A ROAD OF 2015 MEMORIES

On November 4th, 2014, the Senior Class of 2015 took their annual walk down to Nauset Light beach. The trees showed off their amazing fall colors, while the sun glistened down. Laughs could be heard from a mile away and smiles were plastered upon everyone's faces. Along with missing B3 rotating, all were happy to be around their friends and thankful for being able to take such a blissful walk through the National Seashore, during school hours. Senior t-shirts sported the infamous Nauset "N", each and every student full of Warrior pride.

Willy Boyd and John Mulholland exchange laughs on their walk back to school (above).

## Kadesha C. Afflick

During my time at Nauset I learned a lot and met quite a few good people who I made great memories with. I had my ups and downs, and during these times I held my head high. I want to thank my parents and my boyfriend for pushing me and believing in me. Their encouragement meant a lot. I would like to also send my love to Mrs. Grozier for being my inspiration. It's my faith in God that kept me going.

## Margaret A. Aiken

It seems like just yesterday I was entering the halls of Nauset as a freshman with little knowledge of the outside world. These past four years have transformed every single member of my class: some into scholars, some into athletes, and some into talented musicians. Nauset has given me an understanding of what it takes to make something out of every single day, and how important friendship is to the happiness of each of us. Congrats Class of 2015, we did it!

I, Margaret Aiken, bequeath Lilas Ferrer-Cohen the painfully long commute to and from Truro.

Hannah P. Garside

Looking back, I don't remember a lot of what high school consisted of; tests, long nights, homework. I remember the football games, and spending money on a onesie for spirit week. I remember all the best times I had during these four years, and I think that's the lesson I learned from high school. In the moment, you feel like you will never reach the finish line. But once you've crossed it, you don't see the pain you struggled through; rather you feel the victory of the act. It taught me to keep reaching for the finish line, so my victory will always grow and to always remember the good times.

I, Hannah Garside, bequeath endless talks in the car and complaints about sports that we never acted upon, to Sam B.

Thank you to my parents, siblings, cats, friends, and everyone else that has touched my life! While everyone is waiting for the next year, next chance, or next moment, I like to look around. You can learn a lot about yourself from watching others. After all, the value of school lies not in the learning, but in the time spent with friends and teachers. So before I rip out the staff section pages from this yearbook for my dart board, let's all remember how rare the moments we have together are!

But that does not mean that I will forget you. You will always be a part of me, whether I'm making the big bucks or really good puns, you are a part of that. I learned a lot about myself during this step of my life, things that will help me through every other step. And now it is time to say goodbye, even though it is bittersweet. It's crazy to think high school is almost over. During the past four years it seemed like the time couldn't go by any slower when I was spending endless hours in class, and on homework but now, it seems as though it went by in seconds. Though now that I think back, all I can remember are the good times, like goofing off in class with Brianna when we probably should have been paying attention, or having my brother and sister take me out of school because they were bored and wanted to go to the Sparrow. Finally, I have to thank my mom and dad, there is no way I would be where I am without them.

Well, it's been an interesting four years. I've made a lot of new friends, and learned a lot about life. My advice to all you underclassmen, just don't worry. Don't stress yourself out over grades and friends and whether you stay in on a Friday night, or stay out 'till 3 AM. It doesn't matter if you embarrass yourself, because no one will remember it within a week. On that note, Nauset Regional High, I bid thee farewell.

So many memories... the amount of selfies on Hannah's iPad in Atlanta, mass consumption of brownie cupcakes with Maggie, sleepovers, food, old movies, and treble with Marg, Kyra, and Jordan, trips to NYC and GA. Excessive food runs to Dunkin' Donuts, Sams, Double Dragon, and Hole in One. Blasting T-Swift with the top down with Patrick and Wills. Cheer, crew, golf, Stuco, decorating hallways, and screaming in the fan section. Mom, Dad, Mads love you so much. Bon appétit.

The past four years of high school have been some of the greatest times of my life, as well as some of the worst times of my life. It's impossible not to be cliché - so here we go. Each moment of these past four years, each snapshot in time, has been brimming with successes, failures, giggles, and tears. Far from perfection, our splendid failures and endurance have determined our outlooks. As we mold our own realities, tomorrow beckons. Though the future is ambiguous, we must be content in the knowledge we have acquired through our experiences. Finally, Annika, 13 years of friendship and I can't wait to make more memories.

Nauset was a life changing experience for me. Coming from a small local school like Chatham Middle was almost overwhelming, as the atmosphere, environment, curriculum, and social life was vastly different from that of my previous school. But what an exciting change it was! I've acquired skills that I can use in the real world, and I've made memories here that will never be forgotten. I want to thank all of my teachers at Nauset for making my education as exciting as they possibly could, and to my friends for putting up with me for four years on the soccer team and the drama club alike. I have many people to thank that have helped me over the past four years but I am most thankful for my friends and family. No matter what the situation, they helped me and without them I would have struggled. They were by my side the entire time and because of this I am moving forward with my life and my future looks promising. Friends and family mean everything and I hope that I can repay them sometime in the future for all that they have done for me.

I'd like to thank my parents for supporting me this far into my education, and especially my father Mike Winkler for teaching me what I believe are some of the most valuable things I will ever learn, and also for creating the best life possible for our family.

Britney Worth, bequeath my parking spot to Sabine & all the stress that comes with it. Also Olivia, my desk in the locker room and to take over the mess I make.

Walking into High school the first day of freshman year I thought these four years were going to feel like a life time, but now its almost over and all I want to do is go back to the first day. These have been the best years of my life and my most heart-felt thanks goes out to my Mom and grandparents for always having faith in me. I love you, and I could never thank you guys enough. I am also so thankful for my amazing friends. You have all helped me grow and learn so much and I could have never done it without all of you. We did it class of 2015!

My four years at Nauset have given me the experiences, lessons, and memories that I will need for the rest of my life. Growing up here has been incredible and unique and I couldn't appreciate it more. I would like to thanks my Mom, Dad, Avery, Zander, and Michaela McNamara for continuously pushing me to better myself and never letting me give up, I love you all so much.

Rachel Bergstrom

The struggle has been real these past few years, between deciding my future and passing fail Gale I'm not sure how I came out alive. But somehow it all worked out in the end, and I am so grateful for that. I'm thankful for 3 seasons of volleyball that kicked my butt and tested my sanity and the girls that have become and forever will be my sisters. I am especially thankful for my two best friends who have stood by me from the dawn of middle school. In all honesty, I don't know if I would be here without you two... Thank you for everything.

I, Rachael Bergstrom, bequeath a final volleyball season filled with much love (and patience) to Lexi Napolitano.

My time here at Nauset has been wonderful and memorable. There are many funny people and good things I will never forget. Thanks to everyone who supported and helped me through all my struggles and accomplishments. I wish the best of luck to everyone. I am so proud to have been part of such a great class. Thank you Nauset for making me feel like home. It's been real, Nauset, but I think it's time we both see other people.

Four years later, it's finally over. People tell us that high school is the time of our lives, but personally I'm ready to get out of here. Over the past four years I've watched the Crew Team grow from 8 kids to 65 and got the once of a lifetime chance to race in the Head of the Charles. I also had the opportunity to trade my figure skates in for hockey skates and play three seasons with the girls hockey team. All that I put in, I got out and I'm happy to leave with "no regrets". Shout out to Margaret and Sam for always being there and putting up with my idiocy. I love you guys.

All I can say is these four year went by so fast. I have to thank my mom and grandma for getting me though the past 18 years. I have made a lot of good memories at Nauset. I've made great friends on and off the sport fields. I have to thank my teammates and coaches for helping me though my injury. No matter how fast Akeem gets he will never be faster or beat me in a race, and Travis you will always be my number 2.

I, Nate Overton, bequeath the football and track team to the squad, my football number to Elia and my speed to Akeem.

## Dr. Markovich

### The Man, The Myth, The Legend

Over the past 30 years Dr. Markovich has worked at Nauset Regional High School, contributing greatly to it's success and prestige. In an interview, he said his favorite thing about Nauset is it's students. He is proud of how cooperative, respectful, and caring they are to one another. Although he said he does not have a favorite building, you can always find him in the library lobby enjoying his day or strolling around campus.

Watching all of the students grow over the years is very rewarding to Dr. Markovich. The role that Dr. Markovich has played at Nauset will be hard to fill. He does a fantastic job keeping all the students in line, each and every day with a smile on his face. His successor has large shoes to fill. He will surely be missed!

The **Class of 2015** extends sincere appreciation to Dr. Markovich for his many years of dedication to our Nauset Community.

Throughout the Lower Cape, 'Smiles Amongst Us' bumper stickers have been seen on many cars. Miles Tibbetts, a member of the class of 2015 was a fun loving, bright individual, that cared so deeply for his friends and family.

The Nauset and Wellfleet communities will always hold a special place in their hearts for Miles. Smiles will forever be Amongst Us.

Wellfleet's ghost bike has been under extreme controversy this past year. MassDOT removed the bike that was placed by Miles' friends. A petition was thankfully signed and the bike is now back and cemented onto concrete (above).

## Nauset Players

This year's Players worked hard on three plays. "Into the Woods" was done for a fall show and "The Women of Lockerbie" was used as a METG competition play. "Into the Woods" received very positive feedback as the Players worked to bring the many characters together from different fairytales. "The Women of Lockerbie" was the METG competition play and the cast and crew did an amazing job reaching semi-finals.

The Spring play is "The Great Gatsby" which premiered in May. Students and adults alike are always excited for an entertaining musical.

# School Within A School

## ANOTHER ROAD

School within a School, also known as SWS, is an alternative program that is more project and field trip based dedicated to juniors and seniors. Students love the hands-on approach to learning. Diane Keon, Karen Novacon, Julie Quigley, Paul Davies and Tom Allen, creatively teach both elective and core classes within the program. Having fun while teaching and learning is their number one rule.

# Community Awareness

## Stopping to Make a Difference

Organ Donation is a cause I feel passionately about because a generous gift has the power to change so many lives. As a recipient I feel a responsibility to use my gift to its fullest and to make sure people know about organ donation because one gift can save as many as 8 lives. April is National Donate Life Month and I really wanted to raise awareness and encourage kids to ask questions about being a donor and have conversations with their families. Nauset held an awareness day on April 15; hundreds of students and staff wore green and blue and were entered into a lottery for gift cards. The highlight of the day was congregating on the turf for a group photo during advisory. Several departments also participated in the twitter photo challenge #1saves8. Overall it was a great day and prompted several people to go online and register.

By Grace Kobold

Community Service is one of the key elements woven into Nauset High School's community. Giving back is an enriching and feel-good piece of the four year education. Although not all are pictured, hundreds of Nauset students each year **'Stop'** and give back in a variety of ways.

## En Route

# Germany & France

For two weeks in April 2015, 16 Nauset students took part in the **German Exchange Program**. This program has been in existence since 1979 with Nauset's partner school Gymnasium am Wirteltor, in Düren, Germany. The Nauset students stayed with their German host families and are excited about their exchange partners visiting this October! During the trip they attended German school, visited Berlin, Cologne, and Maastricht, and made many long lasting friendships. Prosit!"

Hannah Cremins, Kirsten Doherty, Julian Draz, Isabelle Eastman, Lille Gaeta, Nicole Gordon, Heather Moeykens, Hanna Sweeney, David Telman, Sara Trauterman and Emily Wall along with chaperones Madame Keavy and Madame Claireaux and three moms spent three amazing days in Paris seeing Notre Dame Cathedral, climbing the Eiffel Tower, taking a bus tour along the Seine river, visiting the Louvre and four days in Provence and the Cote d'Azur visiting Avignon, Arles, Nice, Orange and Eze during April vacation week in **France**.

## En Route

# Haiti & Costa Rica

Nauset students did it again this year...visiting the small mountain village of Matenwa, **Haiti** on the island of Lagonave. In the past Lisa Brown's group have partnered with the local Haitian primary school in developing the student food program and in supporting the school's music program. This year's project was raising awareness and funds for Wana's House, an orphanage supporting 22 kids who have lost their parents through the devastating effects of poverty. The kids ranged from 11 months to 18 years old. The trip was an incredible experience and Nauset's support really made a difference in children's lives.

Adventure and Culture were the focus of **Costa Rica** 2015. Students with teacher, Ariana Kimec, experienced a touch of the tropics through zip-lining, kayaking, hiking, horse back riding, night touring through the jungle, hot springs and the beach along with new foods, music, a school visit and using their Spanish!

Spiegel, R. Stanton, J. Telman, B. Walters and M. Wolfe, posed with local children after watching a traditional dance performed by the kids (left).

Students from all over the world attend various schools outside of their native countries on the International Students program each year. Two companies, Educatius International, located in Boston, and Gphomestay, located in Waltham, work with Nauset and the International Students. These companies offer students the possibility to choose the actual school district they will attend. This year we are fortunate to have a variety of students that fully embraced the Nauset Culture.

You were born with a smile on you're face, laughter in your heart & you have been a joy to us since the day you were born. We have been so proud of all you have done & accomplished.

If doubt ever seems to overwhelm you, just be yourself.

So as you go off to make your dreams a reality, know that there will be tough times & that things wont always go as you hoped. Remember, as your Grampa would say, "Don't ever give up, always keep trying & good things will happen." Beach ahead, Good luck & God bless." (6-6-1994)

Dream big & Fly high!

Grandfather Twilight lives among trees. When day is done, he closes his book, combs his beard and puts on his jacket. Next, he opens a wooden chest that is filled with an endless strand of pearls. He lifts the strand, takes one pearl from it, and closes the chest again. Then, holding the pearl in his hand, Grandfather twilight goes for a walk. The pearl grows larger with every step. Leaves begin to whisper. Little birds hush. Gently, he gives the pearl to the silence above the sea. Then Grandfather twilight goes home again. He gets ready for bed. And he goes to sleep.  
— Good night Sammy, sleep tight.

For our spirited and wonderful boy, Sammy J.  
Always ride the wave, and stay as sweet as  
you are. We love you tons and more,

*May God bless and keep you always, May  
your wishes all come true., May you always  
do for others and let others do for you. May  
you build a ladder to the stars and climb on  
every rung and may you stay forever young.*

I was once told that as parents we always love our children, but when they've grown and you truly admire the people they've become, that is a true gift. You have become a focused, determined and globally minded person, you have a great curiosity of the world around you. You're a compassionate and loyal friend to all. You're an amazing person to we are so proud to call our daughter.

# Yearbook 2015

## The Construction Crew

**T**he Yearbook staff works hard all year long to create the best *Nauset Tides* yearbook. Not many people realize how much work is required, or who even puts the yearbook together! Maddie O'Hara and Julia Taylor, senior co-editors of two years, along with Mrs. McGown navigated the staff through this year long project.

We give appreciation to the many people who shared their time and talents. The cover image was created by several. Melissa Velie sketched the 'Nauset' jeep, Mr. Anderson took the scenic photo and graphic designer, Josh Avery made it all work. Sports teams and captain photos were taken by sophomore, Maddy Harris. Sports action photos were courtesy of Anton Anderson. A big thank you also goes out to the administration, and staff for always supporting our yearbook efforts

**Seniors editors: Julia Taylor and Maddie O'Hara (front row)**

Alecia Hyman, Kadesha Afflick, Mackenzie Dubois, Maddy Duroucher (center row)  
Casey White, Dawnell Dennison, Caitlyn Brown, Jenny Tulloch and Aida O'Hara.

Neely Silva, Sarah Chase (not pictured).

Jenny Tulloch works diligently developing a layout (above). Aida O'Hara reads over proof pages to make any needed corrections (right).

Mrs. McGown shows Kadesha how to place an image on a page in the program In-design (left).

Maddie O'Hara completes the arduous senior pages (below).

Brainstorming captions for fall sports, our 'sporty girls' Mackenzie Dubois, Sarah Chase (shown above center) and Caitlyn Brown worked hard all year on the numerous Nauset sports.

# Tom Conrad

## A Man Of Vision and Dedication

For the past twenty-one years, Mr. Conrad has been an inspiration to all. He has helped to promote leadership amongst faculty, students, parents, and the Nauset community. Under his vision, NRHS has earned various distinctions over the years, including being recognized as a National Blue Ribbon School, a Vanguard School of Excellence, and receiving a Massachusetts Compass Award.

The countless positive changes Mr. Conrad has made as principal will leave a lasting impression on students and staff for years to come. Some of those changes include a wellness center, change in school start times and many enhancements of the campus.

Mr. Conrad has united this school and now has the opportunity to unify the district as Nauset's Superintendent next year. We will all certainly miss his enthusiastic presence on campus, but we know he will never be too far.

It is with great honor and appreciation that the Class of 2015 dedicates the 2015 Nauset Tides to Mr. Conrad.
